Solid Waste Program-Land Management Administration Report of Observations

2003-WMF-0582

Case # 2012-SW-016_

Type of Inspection/Observations: _____(SW) Solid Waste, Off-Site Odor Survey_____

Date __Thurs. 9/15/11

Site/Facility Name: _____Site B Municipal Landfill (LF) Vertical Expansion_____

Time In: ____9:50 AM

Location: _____9031 Reichs Ford Road; Frederick 21704 (Frederick County)_____

Time Out: ____9:55 AM

Remarks (Background): See report of yesterday, 9/14/11. I returned this morning to the off-site area of concern to check for odor.

(Observations & Actions): (The temperature this morning is about 65°. The ground is damp because of rain last night. There is little detectable wind). I checked for odors at only two locations. At 9:50 AM, at the intersection of Bartonville Road and Reichs Ford Road, I detected no Landfill-derived odors. At 9:55AM, at the entrance to the complainant's driveway, I detected no Landfill-derived odors.

Observer: James P. Wagner, Regional Inspector

Person Interviewed: Emailed Bryan Stitely of the Landfill
an e-copy, 9/15/11
